ICELIE2012 – 6th IEEE International Conference on E-Learning in Industrial Electronics (ICELIE 2012) Montreal Canada from 25 to 28 October 2012

Special Session

On

Title of the Special Session: "ICT and laboratory work"

Special session organizers:

Vahé Nerguizian, École de technologie supérieure, vahe.nerguizian@etsmtl.ca
Radhi Mhiri, École de technologie supérieure, radhi.mhiri@etsmtl.ca

This session focuses on the experiences of ICT integration in laboratory works and the improvements achieved by this integration.
The session is also interested in identifying future trends concerning the importance held by laboratory work in technical and scientific training.

Special attention is given to pedagogic innovations arising with the changes supported by ICT.

Keywords:
Remote Laboratory,
E-Lab,
Lab at home,
active learning,
PBL,
pedagogic innovation.
